

# Waipa Networks Limited

## Environmental Policy

---

Waipa Networks Limited is committed to managing its work activities in a manner that promotes the maintenance, preservation and enhancement of the environment.

We will minimise any adverse impact on the environment by carrying out our activities in a way that ensures we:

- Comply with environmental legislation and standards. This includes providing the resources required to undertake our work in a manner that complies with these directives.
- Take into consideration the impact that our plant and services will have on the environment. This includes striving for continual improvement, where practicable, through:
  - sustainable use of renewable natural resources
  - minimisation of wastage
  - minimisation of pollutants released into air, land and water
  - reduction of natural resources used, coupled with increased output
  - ensuring our goods and services minimise environmental impact, and are safe for consumers
- Provide the appropriate training to build an internal and external understanding of Waipa Network's environmental commitment
- Annually review our environmental objectives and targets, and continually improve our environmental performance
- Encourage a similar environmental commitment from our material suppliers and contractors.

**Ray Milner**  
**CHIEF EXECUTIVE OFFICER**
