Controlled #	WA53	0	2.10	1.67	0.46	2.13
Generation export	WADG		0.10	0.10	-	0.10
Capacity prices are reset automatically in any month where the actual demand exceeds the total capacity invoiced in the previous month.						
The minimum capacity of 70kVA is applied to 400V and 11kV capacity prices.						
No reduction in kVA charges will occur for a full 12 month period. Reductions in total capacity will need to be 10% or 10kVA whichever is the smaller. This tariff is designed to cater for seasonal loads and allows for the maximum capacity to be reduced following a permanent reduction in the load when demonstrated by 12 months of continuous consumption at reduced levels.

Waipa Networks Ltd
Standard 11kV Contract
Line Services Only

(Effective from 1 April 2019)
(Prices exclude GST)

11kV Contract	Network	Transmission	Cents/unit Total
Service charge (\$/mth)	\$44.00	-	\$44.00
Demand charge (\$/kVA/mth)	\$4.79	\$2.73	\$7.52
Excess demand charge (\$/kVA/mth)	\$7.52	\$3.22	\$10.74
Transformer rental (c/kVA/mth)	55.50c	-	55.50c

Unit Prices				
Peak	(0700 – 1000 and 1600 – 2100)	3.25	2.37	5.62
Off Peak	(2300 – 0700)	0.99	0.46	1.45
Shoulder	(1000 – 1600 and 2100 – 2300)	2.54	1.42	3.95

Services charge applies to each Network Connection Point.

Minimum Demand Charge shall be 70kVA.

Capacity is charged for on the agreed maximum demand for the customer's site (usually the previous year's MD) and is reset automatically in any month where the actual demand exceeds the total capacity charged in the previous month. The new capacity charge applies from that month forward.

Transformer Rental applies to the installed transformer capacity. This is usually installed upon the advice of the customer or their consultant. There may be an additional charge for the cost of installation or removal of transformers as a one off fee at the time of any changes to the installation.

Variable Charges recover those operational, maintenance and capital costs which are not recovered via the fixed and capacity related charges.

Waipa Networks Ltd
11kV Fixed Demand Contract

Line Services Only
(Effective from 1 April 2019)
(Prices exclude GST)

11kV Contract	Network	Transmission	Cents/unit Total
Service charge (\$/mth)	\$44.00	-	\$44.00
Demand charge (\$/kVA/mth)	\$4.79	\$2.73	\$7.52
Excess demand charge (\$/kVA/mth)	\$7.52	\$3.22	\$10.74
Transformer rental (c/kVA/mth)	55.50c	-	55.50c

Unit Prices				
Peak	(0700 – 1000 and 1600 – 2100)	3.22	2.46	5.68
Off Peak	(2300 – 0700)	0.97	0.46	1.43
Shoulder	(1000 – 1600 and 2100 – 2300)	2.52	1.46	3.98

Service Charge applies to each Network Connection Point.

Minimum Demand Charge shall be 70kVA.

Fixed Demand Charge is the charge made for the contracted level of demand for the duration of the contract.

Excess Demand Charge is the charge made for each kVA of demand in excess of the agreed fixed demand. This charge commences in the month in which the fixed demand is exceeded and continues to the end of the contract.

Transformer Rental applies to the installed transformer capacity. This is usually installed upon the advice of the customer or their consultant. There may be an additional charge for the cost of installation or removal of transformers as a one off fee at the time of any changes to the installation.

Variable Charges recover those operational, maintenance and capital costs which are not recovered via the fixed and capacity related charges.

Term of Contract - This contract is only available for a minimum of 18 months, contracts for shorter periods will not qualify for these terms and conditions.

End of Contract - At the end of this contract the customer may seek to renew it by negotiating for a new level of fixed demand or enter into a Standard 11kV Contract, where the Capacity Charge applied on the Standard Contract shall be:

- the previous maximum demand charged for the customer under the standard contract at that site, or;
- the new maximum demand as set by the Fixed Demand Contract;

whichever is the highest.

Waipa Networks Ltd
Non-Standard Contracts as at 1 April 2019

ANZSIC Code:	25
Supply voltage	11,000 volts
Supply capacity	4,500 kVA

Line Function Services

Fixed line charge	\$52,733.72 per month
-------------------	-----------------------

The transmission component of the above is approximately 50%.

ANZSIC Code:	25
Supply voltage	11,000 volts
Supply capacity	10,000 kVA

Line Function Services

Fixed line charge	\$54,328.16 per month
-------------------	-----------------------

The transmission component of the above is approximately 45%.

Off Peak	WA57	60	1.31	0.95	0.48	1.43
Shoulder	WA58	60	4.50	3.69	1.60	5.29
Generation export	WADG		0.10	0.10	-	0.10
Capacity prices are reset automatically in any month where the actual demand exceeds the total capacity invoiced in the previous month.						
The minimum capacity of 70kVA is applied to 400V and 11kV capacity prices.						
No reduction in kVA charges will occur for a full 12 month period. Reductions in total capacity will need to be 10% or 10kVA whichever is the smaller. This tariff is designed to cater for seasonal loads and allows for the maximum capacity to be reduced following a permanent reduction in the load when demonstrated by 12 months of continuous consumption at reduced levels.

Waipa Networks Ltd
Standard 11kV Contract
Line Services Only

(Effective from 1 April 2017)
(Prices exclude GST)

11kV Contract	Network	Transmission	Cents/unit Total
Service charge (\$/mth)	\$42.00	-	\$42.00
Demand charge (\$/kVA/mth)	\$4.42	\$3.10	\$7.52
Excess demand charge (\$/kVA/mth)	\$7.52	\$3.22	\$10.74
Transformer rental (c/kVA/mth)	52.50c	-	52.50c

Unit Prices				
Peak	(0700 – 1000 and 1600 – 2100)	3.08	2.82	5.90
Off Peak	(2300 – 0700)	0.95	0.48	1.43
Shoulder	(1000 – 1600 and 2100 – 2300)	2.46	1.65	4.11

Services charge applies to each Network Connection Point.

Minimum Demand Charge shall be 70kVA.

Capacity is charged for on the agreed maximum demand for the customer's site (usually the previous year's MD) and is reset automatically in any month where the actual demand exceeds the total capacity charged in the previous month. The new capacity charge applies from that month forward.

Transformer Rental applies to the installed transformer capacity. This is usually installed upon the advice of the customer or their consultant. There may be an additional charge for the cost of installation or removal of transformers as a one off fee at the time of any changes to the installation.

Variable Charges recover those operational, maintenance and capital costs which are not recovered via the fixed and capacity related charges.

Waipa Networks Ltd
11kV Fixed Demand Contract

Line Services Only
(Effective from 1 April 2017)
(Prices exclude GST)

11kV Contract	Network	Transmission	Cents/unit Total
Service charge (\$/mth)	\$42.00	-	\$42.00
Demand charge (\$/kVA/mth)	\$4.42	\$3.10	\$7.52
Excess demand charge (\$/kVA/mth)	\$7.52	\$3.22	\$10.74
Transformer rental (c/kVA/mth)	52.50c	-	52.50c

Unit Prices				
Peak	(0700 – 1000 and 1600 – 2100)	3.08	2.82	5.90
Off Peak	(2300 – 0700)	0.95	0.48	1.43
Shoulder	(1000 – 1600 and 2100 – 2300)	2.46	1.65	4.11

Service Charge applies to each Network Connection Point.

Minimum Demand Charge shall be 70kVA.

Fixed Demand Charge is the charge made for the contracted level of demand for the duration of the contract.

Excess Demand Charge is the charge made for each kVA of demand in excess of the agreed fixed demand. This charge commences in the month in which the fixed demand is exceeded and continues to the end of the contract.

Transformer Rental applies to the installed transformer capacity. This is usually installed upon the advice of the customer or their consultant. There may be an additional charge for the cost of installation or removal of transformers as a one off fee at the time of any changes to the installation.

Variable Charges recover those operational, maintenance and capital costs which are not recovered via the fixed and capacity related charges.

Term of Contract - This contract is only available for a minimum of 18 months, contracts for shorter periods will not qualify for these terms and conditions.

End of Contract - At the end of this contract the customer may seek to renew it by negotiating for a new level of fixed demand or enter into a Standard 11kV Contract, where the Capacity Charge applied on the Standard Contract shall be:

- the previous maximum demand charged for the customer under the standard contract at that site, or;
- the new maximum demand as set by the Fixed Demand Contract;

whichever is the highest.

Waipa Networks Ltd
Non-Standard Contracts as at 1 April 2017

Waipa Networks Ltd
Standard 11kV Contract
Line Services Only

(Effective from 1 April 2018)
(Prices exclude GST)

11kV Contract	Network	Transmission	Cents/unit Total
Service charge (\$/mth)	\$43.00	-	\$43.00
Demand charge (\$/kVA/mth)	\$4.71	\$2.81	\$7.52
Excess demand charge (\$/kVA/mth)	\$7.52	\$3.22	\$10.74
Transformer rental (c/kVA/mth)	54.50c	-	54.50c

Unit Prices				
Peak	(0700 – 1000 and 1600 – 2100)	3.22	2.46	5.68
Off Peak	(2300 – 0700)	0.97	0.46	1.43
Shoulder	(1000 – 1600 and 2100 – 2300)	2.52	1.46	3.98

Services charge applies to each Network Connection Point.

Minimum Demand Charge shall be 70kVA.

Capacity is charged for on the agreed maximum demand for the customer's site (usually the previous year's MD) and is reset automatically in any month where the actual demand exceeds the total capacity charged in the previous month. The new capacity charge applies from that month forward.

Transformer Rental applies to the installed transformer capacity. This is usually installed upon the advice of the customer or their consultant. There may be an additional charge for the cost of installation or removal of transformers as a one off fee at the time of any changes to the installation.

Variable Charges recover those operational, maintenance and capital costs which are not recovered via the fixed and capacity related charges.

Waipa Networks Ltd
11kV Fixed Demand Contract

Line Services Only
(Effective from 1 April 2018)
(Prices exclude GST)

11kV Contract	Network	Transmission	Cents/unit Total
Service charge (\$/mth)	\$43.00	-	\$43.00
Demand charge (\$/kVA/mth)	\$4.71	\$2.81	\$7.52
Excess demand charge (\$/kVA/mth)	\$7.52	\$3.22	\$10.74
Transformer rental (c/kVA/mth)	54.50c	-	54.50c

Unit Prices				
Peak	(0700 – 1000 and 1600 – 2100)	3.22	2.46	5.68
Off Peak	(2300 – 0700)	0.97	0.46	1.43
Shoulder	(1000 – 1600 and 2100 – 2300)	2.52	1.46	3.98

Service Charge applies to each Network Connection Point.

Minimum Demand Charge shall be 70kVA.

Fixed Demand Charge is the charge made for the contracted level of demand for the duration of the contract.

Excess Demand Charge is the charge made for each kVA of demand in excess of the agreed fixed demand. This charge commences in the month in which the fixed demand is exceeded and continues to the end of the contract.

Transformer Rental applies to the installed transformer capacity. This is usually installed upon the advice of the customer or their consultant. There may be an additional charge for the cost of installation or removal of transformers as a one off fee at the time of any changes to the installation.

Variable Charges recover those operational, maintenance and capital costs which are not recovered via the fixed and capacity related charges.

Term of Contract - This contract is only available for a minimum of 18 months, contracts for shorter periods will not qualify for these terms and conditions.

End of Contract - At the end of this contract the customer may seek to renew it by negotiating for a new level of fixed demand or enter into a Standard 11kV Contract, where the Capacity Charge applied on the Standard Contract shall be:

- the previous maximum demand charged for the customer under the standard contract at that site, or;
- the new maximum demand as set by the Fixed Demand Contract;

whichever is the highest.

Waipa Networks Ltd

Waipa Networks Ltd
Standard 11kV Contract
Line Services Only

(Effective from 1 April 2016)
(Prices exclude GST)

11kV Contract	Network	Transmission	Cents/unit Total
Service charge (\$/mth)	\$42.00	-	\$42.00
Demand charge (\$/kVA/mth)	\$3.91	\$3.04	\$6.95
Excess demand charge (\$/kVA/mth)	\$6.96	\$2.98	\$9.94
Transformer rental (c/kVA/mth)	52.50c	-	52.50c

Unit Prices				
Peak	(0700 – 1000 and 1600 – 2100)	3.06	2.78	5.84
Off Peak	(2300 – 0700)	0.59	0.72	1.31
Shoulder	(1000 – 1600 and 2100 – 2300)	2.28	1.75	4.03

Services charge applies to each Network Connection Point.

Minimum Demand Charge shall be 70kVA.

Capacity is charged for on the agreed maximum demand for the customer's site (usually the previous year's MD) and is reset automatically in any month where the actual demand exceeds the total capacity charged in the previous month. The new capacity charge applies from that month forward.

Transformer Rental applies to the installed transformer capacity. This is usually installed upon the advice of the customer or their consultant. There may be an additional charge for the cost of installation or removal of transformers as a one off fee at the time of any changes to the installation.

Variable Charges recover those operational, maintenance and capital costs which are not recovered via the fixed and capacity related charges.

Waipa Networks Ltd
11kV Fixed Demand Contract

Line Services Only
(Effective from 1 April 2016)
(Prices exclude GST)

11kV Contract	Network	Transmission	Cents/unit Total
Service charge (\$/mth)	\$42.00	-	\$42.00
Demand charge (\$/kVA/mth)	\$3.91	\$3.04	\$6.95
Excess demand charge (\$/kVA/mth)	\$6.96	\$2.98	\$9.94

Unit Prices				
Peak	(0700 – 1000 and 1600 – 2100)	3.06	2.78	5.84
Off Peak	(2300 – 0700)	0.59	0.72	1.31
Shoulder	(1000 – 1600 and 2100 – 2300)	2.28	1.75	4.03

Service Charge applies to each Network Connection Point.

Minimum Demand Charge shall be 70kVA.

Fixed Demand Charge is the charge made for the contracted level of demand for the duration of the contract.

Excess Demand Charge is the charge made for each kVA of demand in excess of the agreed fixed demand. This charge commences in the month in which the fixed demand is exceeded and continues to the end of the contract.

Transformer Rental applies to the installed transformer capacity. This is usually installed upon the advice of the customer or their consultant. There may be an additional charge for the cost of installation or removal of transformers as a one off fee at the time of any changes to the installation.

Variable Charges recover those operational, maintenance and capital costs which are not recovered via the fixed and capacity related charges.

Term of Contract - This contract is only available for a minimum of 18 months, contracts for shorter periods will not qualify for these terms and conditions.

End of Contract - At the end of this contract the customer may seek to renew it by negotiating for a new level of fixed demand or enter into a Standard 11kV Contract, where the Capacity Charge applied on the Standard Contract shall be:

- the previous maximum demand charged for the customer under the standard contract at that site, or;
- the new maximum demand as set by the Fixed Demand Contract;

whichever is the highest.

Night (2300 – 0700 hours)	WA47	1	0.95	0.56	0.49	1.05
Capacity charges are reset automatically in any month where the actual demand exceeds the total capacity charged in the previous month.						
The minimum capacity charge of 70kVA is applied to 400V and 11kV capacity charges.						
No reduction in kVA charges will occur for a full 12 month period. Reductions in total capacity will need to be 10% or 10kVA whichever is the smaller. This tariff is designed to cater for seasonal loads and allows for the maximum capacity to be reduced following a permanent reduction in the load when demonstrated by 12 months of continuous consumption at reduced levels.

All customers must have Time of Use metering.						
Capacity charges		25				
Minimum charge for 70kVA			\$225.40 per mth	\$181.30	\$60.20	\$241.50 per mth
Each additional kVA of capacity			\$3.22 per mth	\$2.59	\$0.86	\$3.45 per mth
Unit charges						
Anytime	WA42	17	4.22	2.85	1.49	4.34
Day (0700 – 2300 hours)	WA46	8	5.86	4.09	1.95	6.04
Night (2300 – 0700 hours)	WA47	8	0.95	0.51	0.44	0.95
Capacity charges are reset automatically in any month where the actual demand exceeds the total capacity charged in the previous month.						
The minimum capacity charge of 70kVA is applied to 400V and 11kV capacity charges.						
No reduction in kVA charges will occur for a full 12 month period. Reductions in total capacity will need to be 10% or 10kVA whichever is the smaller. This tariff is designed to cater for seasonal loads and allows for the maximum capacity to be reduced following a permanent reduction in the load when demonstrated by 12 months of continuous consumption at reduced levels.						
POSTED DISCOUNT

Waipa Networks Ltd
Standard 11kV Contract
Line Services Only

(Effective from 1 April 2011)
(Prices exclude GST)

11kV Contract	Network	Transmission	Cents/unit Total
Service charge (\$/mth)	\$40.00	-	\$40.00
Demand charge (\$/kVA/mth)	\$2.82	\$1.21	\$4.03
Excess demand charge (\$/kVA/mth)	\$4.45	\$1.90	\$6.35
Transformer rental (c/kVA/mth)	50.00c	-	50.00c

Variable charges			
Day (0700 – 2300 hours)	2.43	1.75	4.18
Night (2300 – 0700 hours)	0.51	0.44	0.95

Services charge applies to each Network Connection Point.

Minimum Demand Charge shall be 70kVA.

Capacity is charged for on the agreed maximum demand for the customer's site (usually the previous year's MD) and is reset automatically in any month where the actual demand exceeds the total capacity charged in the previous month. The new capacity charge applies from that month forward.

Transformer Rental applies to the installed transformer capacity. This is usually installed upon the advice of the customer or their consultant. There may be an additional charge for the cost of installation or removal of transformers as a one off fee at the time of any changes to the installation.

Variable Charges recover those operational, maintenance and capital costs which are not recovered via the fixed and capacity related charges.

Waipa Networks Ltd
11kV Fixed Demand Contract

Line Services Only
(Effective from 1 April 2011)
(Prices exclude GST)

11kV Contract	Network	Transmission	Cents/unit Total
Service charge (\$/mth)	\$40.00	-	\$40.00
Demand charge (\$/kVA/mth)	\$2.82	\$1.21	\$4.03
Excess demand charge (\$/kVA/mth)	\$4.45	\$1.90	\$6.35
Transformer rental (c/kVA/mth)	50.00c	-	50.00c
Variable charges			
Day (0700 – 2300 hours)	2.43	1.75	4.18
Night (2300 – 0700 hours)	0.51	0.44	0.95

Service Charge applies to each Network Connection Point.

Minimum Demand Charge shall be 70kVA.

Fixed Demand Charge is the charge made for the contracted level of demand for the duration of the contract.

Excess Demand Charge is the charge made for each kVA of demand in excess of the agreed fixed demand. This charge commences in the month in which the fixed demand is exceeded and continues to the end of the contract.

Transformer Rental applies to the installed transformer capacity. This is usually installed upon the advice of the customer or their consultant. There may be an additional charge for the cost of installation or removal of transformers as a one off fee at the time of any changes to the installation.

Variable Charges recover those operational, maintenance and capital costs which are not recovered via the fixed and capacity related charges.

Term of Contract - This contract is only available for a minimum of 18 months, contracts for shorter periods will not qualify for these terms and conditions.

End of Contract - At the end of this contract the customer may seek to renew it by negotiating for a new level of fixed demand or enter into a Standard 11kV Contract, where the Capacity Charge applied on the Standard Contract shall be:

- the previous maximum demand charged for the customer under the standard contract at that site, or;
- the new maximum demand as set by the Fixed Demand Contract;

whichever is the highest.

400V CAPACITY CONTRACT						
All customers must have Time of Use metering.						
Capacity charges		22				
Minimum charge for 70kVA			\$191.80 per mth	\$151.90	\$50.40	\$202.30 per mth
Each additional kVA of capacity			\$2.74 per mth	\$2.17	\$0.72	\$2.89 per mth
Unit charges						
Anytime		14	3.24	2.39	1.36	3.75
Day (0700 – 2300 hours)		8	4.56	3.47	1.72	5.19
Night (2300 – 0700 hours)		8	0.60	0.35	0.53	0.88
Capacity charges are reset automatically in any month where the actual demand exceeds the total capacity charged in the previous month.						
The minimum capacity charge of 70kVA is applied to 400V and 11kV capacity charges.						
No reduction in kVA charges will occur for a full 12 month period. Reductions in total capacity will need to be 10% or 10kVA whichever is the smaller. This tariff is designed to cater for seasonal loads and allows for the maximum capacity to be reduced following a permanent reduction in the load when demonstrated by 12 months of continuous consumption at reduced levels.

**Standard 11kV Contract
Line Services Only**

(Effective from 1 April 2008)
(Prices exclude GST)

11kV Contract	Network	Transmission	Cents/unit Total
Service charge (\$/mth)	\$38.00	-	\$38.00
Demand charge (\$/kVA/mth)	\$2.36	\$1.01	\$3.37
Excess demand charge (\$/kVA/mth)	\$3.77	\$1.59	\$5.31
Transformer rental (c/kVA/mth)	47.00c	-	47.00c
Variable charges			
Day (0700 – 2300 hours)	2.07	1.62	3.69
Night (2300 – 0700 hours)	0.35	0.53	0.88

Services charge applies to each Network Connection Point.

Minimum Demand Charge shall be 70kVA.

Capacity is charged for on the agreed maximum demand for the customer's site (usually the previous year's MD) and is reset automatically in any month where the actual demand exceeds the total capacity charged in the previous month. The new capacity charge applies from that month forward.

Transformer Rental applies to the installed transformer capacity. This is usually installed upon the advice of the customer or their consultant. There may be an additional charge for the cost of installation or removal of transformers as a one off fee at the time of any changes to the installation.

Variable Charges recover those operational, maintenance and capital costs which are not recovered via the fixed and capacity related charges.

Waipa Networks Ltd
11kV Fixed Demand Contract

Line Services Only
(Effective from 1 April 2008)
(Prices exclude GST)

11kV Contract	Network	Transmission	Cents/unit Total
Service charge (\$/mth)	\$38.00	-	\$38.00
Demand charge (\$/kVA/mth)	\$2.36	\$1.01	\$3.37
Excess demand charge (\$/kVA/mth)	\$3.72	\$1.59	\$5.31
Transformer rental (c/kVA/mth)	47.00c	-	47.00c

Day (0700 – 2300 hours)	2.07	1.62	3.69
Night (2300 – 0700 hours)	0.35	0.53	0.88

Service Charge applies to each Network Connection Point.

Minimum Demand Charge shall be 70kVA.

Fixed Demand Charge is the charge made for the contracted level of demand for the duration of the contract.

Excess Demand Charge is the charge made for each kVA of demand in excess of the agreed fixed demand. This charge commences in the month in which the fixed demand is exceeded and continues to the end of the contract.

Transformer Rental applies to the installed transformer capacity. This is usually installed upon the advice of the customer or their consultant. There may be an additional charge for the cost of installation or removal of transformers as a one off fee at the time of any changes to the installation.

Variable Charges recover those operational, maintenance and capital costs which are not recovered via the fixed and capacity related charges.

Term of Contract - This contract is only available for a minimum of 18 months, contracts for shorter periods will not qualify for these terms and conditions.

End of Contract - At the end of this contract the customer may seek to renew it by negotiating for a new level of fixed demand or enter into a Standard 11kV Contract, where the Capacity Charge applied on the Standard Contract shall be:

- the previous maximum demand charged for the customer under the standard contract at that site, or;
- the new maximum demand as set by the Fixed Demand Contract;

whichever is the highest.

Demand	4.65 /kW/mth
Diversity	(4.65) /kW/mth

Demand Charges

Demand Charges at the start of the contract are based on maximum demand of the previous season (unless otherwise agreed), and increased from the month in which a new maximum demand is established.

The transmission component of the above is approximately 66%.

Waipa Networks Ltd

400V Tariffs

Line charges from 1 July 2004 as required by the
Electricity (Information Disclosure) Regulations 1999.

(GST exclusive)

	Total Est. No. Customers	1 Oct 2001 cents/unit	NEW PRICES cents/unit

NON DOMESTIC			
Continuous (on 24 hrs/day)	4900	4.87	5.03
Controlled	1650	1.00 #	1.00 #
Controlled (on 8 hrs/day)	50	0.32	0.32
Day	30	7.15	7.39
Night	110	0.32	0.32
Lighting	45	3.50	3.61
Fixed Daily Charge (All Standard Customers)	5055	30.00c/d	30.00c/d
UNMETERED SUPPLY			
Fixed Daily Charge		100.00c/d	100.00c/d
POWER FACTOR CHARGE			
The Power Factor Charge applies to all installations whose power factor is less than 0.95 lagging.		\$20/kVAr/mth	No change
400V CAPACITY CONTRACT			
All customers must have Time of Use metering.			
Capacity charges			
Minimum charge for 50kVA		\$100 per mth	\$126.50 per mth
Each additional kVA of capacity		\$2 per mth	\$2.53 per mth
Unit charges			
Day (0700 – 2300 hours)		3.24 c/kWh	3.98 c/kWh
Night (2300 – 0700 hours)		0.32 c/kWh	0.32 c/kWh
Anytime		2.56 c/kWh	2.76 c/kWh
The additional capacity charge is reset automatically in any month where the actual demand exceeds the total capacity charged for in the previous month by 10% or 10kVA whichever is the smaller.			
No reduction in kVA charges will occur for a full 12 month period. Reductions in total capacity will need to be 10% or 10kVA whichever is the smaller. This tariff is designed to cater for seasonal loads and allows for the maximum capacity to be reduced following a permanent reduction in the load when demonstrated by 12 months of continuous consumption at reduced levels.			
STANDARD 11 kV CONTRACTS			
Service Charge		\$ 38.00	\$ 38.00
Fixed Demand		2.30	2.95
Excess Demand Charge		3.50	4.22

# No minimum hours now specified.			

Waipa Networks Ltd
Standard 11kV Contract
Line Services Only

(Effective from 1 July 2004)
(Prices exclude GST)

Service Charge	\$ 38.00 per month
Fixed Demand	\$ 2.95 /kVA/month
Transformer Rental Charge	\$ 0.36 /kVA/month

Variable charges

Day (0700-2300 hours)	2.70 cents/kWh
Night (2300-0700 hours)	0.32 cents/kWh

Services charge applies to each Network Connection Point.

Capacity is charged for on the agreed maximum demand for the customer's site (usually the previous year's MD) and is reset automatically in any month where the actual demand exceeds the agreed demand by more than 10% or 10kVA whichever is the smaller. The new capacity charge applies from that month forward.

Transformer Rental applies to the installed transformer capacity. This is usually installed upon the advice of the customer on their consultant. There may be an additional charge for the cost of installation or removal of transformers as a one off fee at the time of any changes to the installation.

Variable Charges recover those operational, maintenance and capital costs which are not recovered via the fixed and capacity related charges.

Losses are calculated on an individual basis and are to be purchased from the Energy Trader at the same time as other energy.

All charges exclude GST and may be reviewed at Waipa Networks discretion from time to time and amended upon giving customers 30 days notice in writing. Subject to Waipa Networks Use of System Agreement.

Waipa Networks Ltd
11kV Fixed Demand Contract

Line Services Only
(Effective from 1 July 2004)

Service Charge	\$ 38.00 per month
Fixed Demand	\$ 2.95/kVA/month
Excess Demand Charge	\$ 4.22/kVA/month
Transformer Rental Charge	\$ 0.36/kVA/month

Variable charges

Day (0700-2300 hours)	2.70 cents/kWh
Night (2300-0700 hours)	0.32 cents/kWh

Service Charge applies to each Network Connection Point.

Fixed Demand Charge is the charge made for the contracted level of demand for the duration of the contract.

Excess Demand Charge is the charge made for each kVA of demand in excess of the agreed fixed demand. This charge commences in the month in which the fixed demand is exceeded and continues to the end of the contract.

Transformer Rental applies to the installed transformer capacity. This is usually installed upon the advice of the customer or their consultant. There may be an additional charge for the cost of installation or removal of transformers as a one off fee at the time of any changes to the installation.

Variable Charges recover those operational, maintenance and capital costs which are not recovered via the fixed and capacity related charges.

Losses are calculated on an individual basis and are to be purchased from the Energy Trader at the same time as other energy.

Term of Contract - This contract is only available for a minimum of 18 months, contracts for shorter periods will not qualify for these terms and conditions.

End of Contract - At the end of this contract the customer may seek to renew it by negotiating for a new level of fixed demand or enter into a Standard 11kV Contract, where the Capacity Charge applied on the Standard Contract shall be:

- the previous maximum demand charged for the customer under the standard contract at that site, or;
- the new maximum demand as set by the Fixed Demand Contract;

whichever is the highest.

All charges exclude GST and may be reviewed at Waipa Networks's discretion from time to time and amended upon giving customers 30 days notice in writing. Subject to Waipa Networks's Standard Terms and Conditions.
